

March of Dimes Fund Drive Far Short of Goal

W. L. Cash Fetes Joint Anniversary

Monday, January 22, will mark the 79th birthday anniversary of W. L. Cash, and on that date he and Mrs. Cash will also celebrate their 58th wedding anniversary. The pioneer Hamlin couple has had an active part in the business and fraternal life of the community and can list the marks of progress as they occurred. Both are still active in the affairs of the Masonic Lodge, the Eastern Star and the Baptist Church. Mr. and Mrs. Cash took an active part in the organization of the Baptist Church in Hamlin on March 28, 1906. Mr. and Mrs. Cash were married on his birth date anniversary.

Texas Pipe Line Co. Building Station

No official announcement was available regarding the construction of a pipe line booster station which has been started on the Cattle properties by the Texas Pipe Line Company. Reports are that a series of booster stations are to be built along the big-inch line which runs adjacent to Hamlin and these stations will boost the capacity of the line by 100,000 barrels. Contract for the local station has been let to Station Construction Co. of Wichita Falls. The Texas Pipe Line Company is negotiating with Weldon Carlton for the purchase of five lots on which they will build company houses for employees used at the new station. Completion of the lot transaction is pending that company's examination of title. Lucile Decker of Hamlin was a surgery patient in a Rotan hospital last week. Just for fun, check up on the next bushel of wheat you buy. There are 556,000 seeds in a bushel.

Boquet Given Mrs. Sophie McCormick

Mrs. Sophie McCormick, one of Hamlin's most beloved citizens, was honored by a group of her many friends Sunday morning when she was presented a bouquet constructed from paper money amounting to \$225.50. This is believed to be the largest bouquet ever presented to anyone here in Hamlin. Original idea came from Mrs. Clyde Huff, a co-worker of Mac, as they call her. Mrs. Huff learned that her friend was to undergo surgery and with the aid of Mac's many friends built the bouquet to the staggering total. Mrs. Huff was assisted by: Mrs. Artie Huling and Mrs. Marvis Bond. Others present at the presentation were: Mrs. Marshall Bonds, Mrs. Charlie Sellers, Mrs. George Malouf, Clyde Huff and Mr. and Mrs. Edward Gardner.

J. M. McDonald Co. Is Given Texas Charter

John Ben Shepperd, Secretary of State of Texas, announced approval this week of the corporation permits to J. M. McDonald Company, Delaware. The term is for 10 years in the business of merchandise. Capital stock is \$4,000,000. Home office is located in Hastings, Nebraska and Texas office are located in Stamford. As most people will recall the McDonald Company are successors to Bryant-Link Company in Hamlin, Stamford, Snyder and Lamesa.

Joe Weir Goes To School of Dentistry

Joe Weir has resigned his position with the faculty of Hamlin high school to enter the study of dentistry at Baylor Dental school in Dallas.

Pipers Bumped By Colorado City and Merkel Quintets

Hamlin basketball teams absorbed twin defeats on successive appearances of the past week when they lost to Colorado City and Merkel. Colorado City's Wolves came to the Hamlin courts Friday night and administered A and B team defeats to the locals. Nathan Corbell was halted in his high scoring race in the district but still managed to cage 23 points for his Colorado City quintet. W. T. Stapler was high point man for the Hamlin A squad with eight. The Colorado City B squad survived a last quarter rally by the Hamlin squad to pull out with a 28-24 victory.

Joe Dell Gregory bucketed 26 points to lead the Merkel A team to a win over the Pipers in Tuesday night's game with the final tally mounting to 51-46. Merkel led the Hamlin club all of the way in this contest. Don Rowland resumed his scoring lead for the Piper squad when he rang up 11 points. The "B" game also went to Merkel when they thumped the charges of Coach Bob Nunley by a 41-31 margin. Milton Butler emerged from this fray, however with high scoring honors when he tallied 17 points. High point man for Merkel was Cox with 10. The Pipers go to Rotan tonight for a game with that five and will go to Avoca for a return engagement Monday night. Next Tuesday night will find Roby coming to Hamlin and Roscoe will come to Hamlin for the Friday night game.

Jones, Fisher Gas Up In Volume and Value

In a statement of gas volumes and values prepared by the Comptroller of Public Accounts at Austin the following increases were shown.

In 1949 Jones County used 1,299 MMCF's with a value of \$63,000 compared with 1948 at 362 MMCF's valued at \$19,000. Fisher County showed for 1949 329 MMCF's valued at \$17,000 compared with 110 MMCF's valued at \$5,000 for 1948.

Track Oval Layout Being Prepared Here

Coach Jess Burditt has started the layout of a new quarter-mile track on the grounds just beyond the football stadium and first rainfall that comes will permit the grading of the oval for use of track squad. Contrary to reports which have been circulated, the track will not be cinder-topped.

THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

School Bond Issue Gains Wide Tuesday Vote Plurality

Approval of three propositions submitted to the voters of the Hamlin Consolidated School District was overwhelming in canvass of returns of the Tuesday election. The three propositions involved sale of \$175,000.00 in bonds for the erection of a new grade school building and improvements to facilities at the high school building.

The first issue was the school board's authorization to issue bonds in the amount of \$175,000.00 and this proposition carried by a vote of 103 to 23.

Second proposition on the ballot fostered the levy of a maintenance tax at the rate of \$1.25

on the \$100 valuation and this measure carried by a 105 to 20 majority.

Third proposition on the ballot was in regard to the assumption of indebtedness of districts absorbed by the consolidation as included in present boundaries of the district and this carried by 101 to 21 vote.

Purpose of the bond sale was to erect a grade school building, a band room at the high school and to make repairs to the cafeteria and other departments of the high school.

Construction of the grade school building will permit removal of the eighth grade back to

the elementary building and thus ease an overcrowded condition in both buildings which now exists.

Endorsement of the bond issue was gained from the evident fact that growth of the school enrollment in Hamlin schools will continue and facilities must be provided for that growth. Figures released by the school authorities reveal that enrollment has increased from a 422 total in 1946 to 731 in 1950.

The tax rate of \$1.25 per \$100 represents no advance over that levied since 1946 and increase in valuations of oil properties are expected to retire the bonds to be issued.

Locals Enter Stock In Ft. Worth Show

Mrs. Faye Young Morton of the Y6 Ranch of Hamlin and James Brigham of Tuxedo, Hamlin FFA boy will both show stock at the Southwestern Exposition and Fat Stock Show at Fort Worth January 26 through February 4. Mrs. Morton will show four of her herefords and Brigham, one steer, a report stated.

Premiums this year for the annual event amount to the highest in its 55 years—\$146,000 (including the rodeo and horse show.)

Jones County Singing At Stamford Sunday

Jones County Singing will be held Sunday at 2:00 p. m. at the Stamford Swenson Avenue Baptist Church.

A cordial invitation is extended to all Hamlin area singers.

Identical Twins Born To Carl Andresses

Identical twin daughters were born to Mr. and Mrs. Carl Andress of Gardena, California on Thursday, January 4 at Cedars Hospital.

They have been named Pamela Jean and Patricia D'lene. Pamela weighed five pounds and five ounces and arrived at 3:25 a. m., Patricia weighed four pounds and seven ounces and arrived at 3:39 a. m.

Grandparents are Dr. and Mrs. Paul A. Fowler and Mr. and Mrs. Will Andress all of Hamlin.

Mrs. Raythel Smith To Frisco To Join Husband

Mrs. Raythel Smith left Sunday to visit with her husband, S. N. Smith in San Francisco, California.

S. N. has just returned after spending five months overseas.

School Bands Stage Concert Program

The music department of the Hamlin public schools will present a concert by the Elementary and High School bands on Thursday, January 25, at 8:00 p. m. in the High School auditorium.

The program promises a variety of selections, including overtures, marches and standard and popular numbers. The highlight of the evening will be the presentation of Miss Eleanor Huchingson as the Band Sweetheart for 1950 and 1951.

Tickets will be on sale by the high school band members, or admission may be gained at the door. All proceeds will go to the band uniform and equipment fund.

Most any businessman can handle a big deal, but it takes an executive to dispose of the little deals.

DePriest School Gets Sewer Installation

A sanitary sewer system as prescribed by the state department of health has been installed at the DePriest colored school and is now in operation.

Design of the septic tank installed will meet the requirements of an enrollment of 125 pupils.

A school lunchroom is also now in operation at the DePriest school and the system is now serving about 50 pupils.

Robertson Well Is Set in Swastika

Completion of the R. J. Robertson Number 1 by the Texas Pacific Coal and Oil Company as a producer in the Swastika was the chief item of interest in the oil news of the Hamlin area this week. This well was completed as an approximate 100-barrel-a-day producer from a very narrow, well defined pay section and production carries traces of water. It is understood that a pumping jack is to be installed to lift the water blanket which might arrest productive flow.

Round Top Oil Company has set pipe on their Ella Mae Wilson well following a favorable drill stem test.

Texas Pacific has set pipe on the Mary K. Kennedy Number 1, an evident producer from the Swastika.

General Crude Oil Company is reported to be at 4,000 feet in the drilling of their Bowdry Number 1 which is a south location from the Thomas Ferguson Number 2.

General Crude has moved to the Ferguson 4, which is south of the Ferguson 2 after the Number 3 well was completed as a producer.

Bridwell Oil Company had reached a depth of 4,600 feet on their J. M. Alexander Number 3 with no productive show.

Atlantic Refining Company has reported depth of 1500 feet on their Faye Young Morton 6. This well is to be an inside Ellenburger try.

Ungren & Frazier are drilling their Price Amerson Number 2 which is on the west Amerson farm.

Wilson Brothers are drilling the J. M. Amerson 4.

Sohio Oil Company has not yet reached the pay on their Compton 8.

Cities Service Oil Company and Signal Oil Company are down to 3,600 feet on their SMS or Swenson Ranch well, which is to be an Ellenburger test.

Billy Holden Promoted In Armored Division

Billy G. Holden of Hamlin has been promoted to the rank of sergeant by the 5th Armored Division, Camp Chaffee, Arkansas. Before entering the service he worked for his father, F. E. Holden, as a mechanic. He is now assigned to Headquarters Company Reserve Command, Camp Chaffee.

Rosenberg Chosen To American Dairy Post

Of interest to area dairy farmers is the appointment of Sam E. von Rosenberg, dairy specialist with the Texas A. & M. College Extension Service, to post of field director of the Dairy Products Institute of Texas and the American Dairy Association of Texas.

Purpose of this appointment is to develop and expand in the field of the two organizations promotional programs to obtain greater public understanding and dairying and the use of dairy products.

All-Out Response Needed for Success

Starr Inzer was host to 31 team captains at an early morning kick-off breakfast which marked the start of the March of Dimes fund solicitation Tuesday morning. The event was held at the high school cafeteria and an immediate canvass followed the breakfast.

With only about half of the workers reporting their collections at that time, Inzer reported that contributions were lagging in an audit made at 9:30 Thursday morning. At that time \$598.30 had been credited to the fund.

This is far short of the amount set as a quota from Hamlin and it is imperative that additional contributions swell the total substantially if the campaign is to be classed as a success.

Surprising to many was the revelation in information furnished Inzer that an excess of \$3,000 was spent by the March of Dimes organization in the treatment of Hamlin area cases in 1950. Common belief was that Hamlin had escaped serious contagion from this source and it is believed that contributors have not been aware of how close to home the scourge has struck.

Mail solicitations have been made by Inzer and response from this source has not been gauged. Results from solicitation of school children in both the white and colored schools have not been catalogued and it is hoped that this sum will provide a healthy increase to the total.

Inzer urges that those who have been asked by the solicitors' call make voluntary contributions to the fund to permit an early closing of the campaign.

Carlton Leads District In Dishwasher Sales

Weldon Carlton, operator of the Carlton Hardware in Hamlin has been informed that he is leading the Fort Worth district in sales of Youngstown dishwashers in a competition which is being conducted by that company.

Tentative plans are that winner of the competition will be granted an expensive airplane trip to the factory at Cleveland, Ohio.

District Slate Set For Football Fray

Release has been made of the 1951 football schedule for the Hamlin Pied Pipers in their new district alignment and this schedule will bring little change from the previous slates arranged for the Pipers. Principal attraction lost from previous calendars was the annual fray with Merkel.

Dates released follow:

September 14, Haskell at Haskell.
September 21, Roby at Hamlin.
September 28, Spur at Hamlin.
October 5, Roscoe at Roscoe.
October 12, Paducah at Hamlin. (This is tentative and subject to working out of details.)
October 19, Snyder at Hamlin.
October 26, Anson at Anson.
November 2, Colorado City at Colorado City.
November 9, Rotan at Rotan.
November 16, Stamford at Hamlin.

The game on October 19 with Snyder will start conference play for the Pipers and brings the feature game with Stamford to Hamlin as the finale of the season.

Stamford is in the midst of a salary dispute between their staff of coaches and the school board and may be under the guidance of a new group of mentors when the season opens.

There are not nearly so many complaints about the weather as there would be if the government regulated it.

Twelve Nominated to Four Chamber Commerce Posts

Directors of the Hamlin Chamber of Commerce met in early morning session Tuesday to dispose of business matters outstanding in addition to selection of nominees for director vacancies which are current.

Expiration of terms of Everett Townley, J. C. Turner, Jr., Jimmy Irwin and Eddie Jay brought nomination of a 12-man slate for election of four. Named to the ballot were C. L. Howard, City Drug, J. E. Patterson, Real Estate; Jesse Young, Young Cleaners; B. B. Frederick, Wade Farm Machinery; Gean Witt, Witt Jew-

elry; Alton Mayfield, Gulf Agent; Stanley Carmichael, Hamlin Motor Company; O. R. Riddell, Hamlin Auto Parts; Clyde Grice, Manager Mid-West Co-operative Oil Mill; Byron O. Bell, White Auto Stores; H. E. Lawson, Lone Star Gas Co.; and Wesley Nail, Hamlin Memorial Hospital.

After the above nominations had been approved, ballots were mailed to members of the Chamber of Commerce for designation of their choices prior to Thursday, January 25.

Financial report of the chamber was read by Mrs. E. M. Wilson, as secretary and the report was ac-

cepted and a discussion of official holiday designation followed.

It was decided by the directors that the usual annual banquet is to be held in abeyance until it is learned whether an outstanding speaker can be obtained for the event. Plans were instituted to invite Governor Allen Shivers to address the gathering and the attendance of the governor would assure a record attendance.

Plans were also made to make a concerted drive for additional members to the Chamber of Commerce and thus insure an active commercial group for the year ahead.

ANSWERS TO Intelligence Test

1—Vellum. 2—16. 3—Tony Lavelli. 4—Grapefruit. 5—Pyongyang. 6—Lucifer. 7—(A) Palmetto, (B) Pine Tree, (C) Magnolia; (D) Evergreen.

Howard Payne To Get \$250,000 Library

Announcement was made early this week that Howard Payne

College will construct a \$250,000 Walker Memorial Library, construction to begin this month at Brownwood.

Construction will be of red brick, Georgian style and shelves

Cape Charles, located at the entrance to Chesapeake Bay, Virginia, was named by the English settlers in 1607, in honor of Prince Charles, son of the then King James of England.

FOR A SMALL fee you can read the Best and Latest Books—at The Book Shop. (3) 1c

Cape Henry, at the entrance of Chesapeake Bay, Virginia, received its name in 1607 from the English settlers there, who gave it that title in tribute to Prince Henry, son of King James of England.

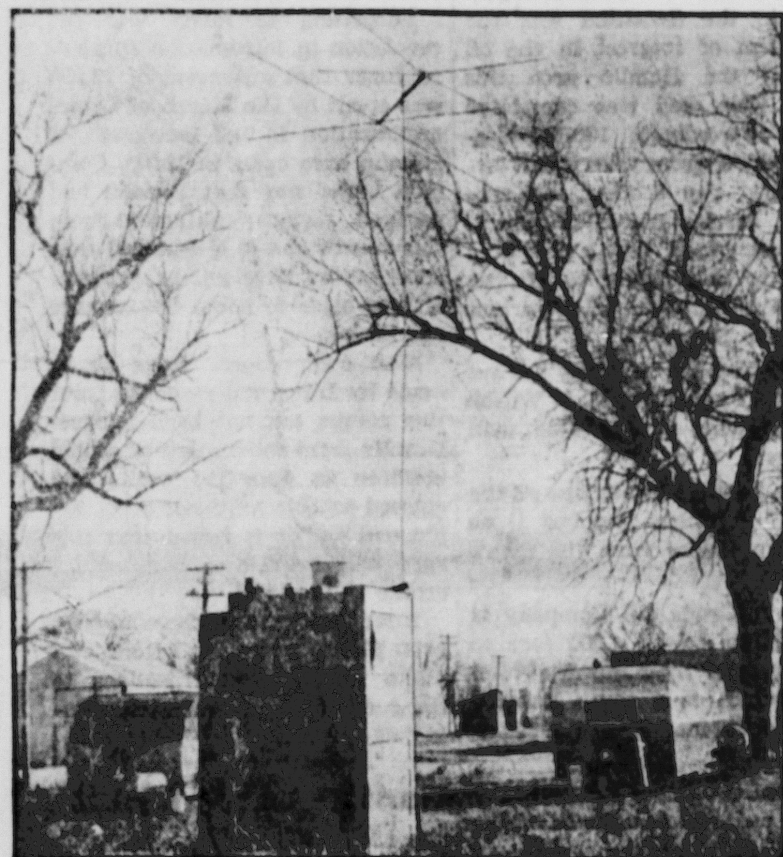

and stack space will hold 100,000 volumes.

BEARDED BANTAM—Despite the reassuring hand of Jane Palmer, this bearded white-crested Polish bantam hen had nothing but scowls for the photographer. Owned by H. R. Hartman of Downey, Calif., the haughty hen will be shown at this year's Los Angeles County Fair along with rare and fancy birds from all over the world. More than 200 varieties of 83 breeds of poultry will be on exhibit.

GRAIN DUNES—Near Amarillo, Tex., three city blocks were covered with grain as elevators overflowed. Throughout the Panhandle and South Plains regions some 5000 carloads of grain were stored on the ground because of heavy shipping and a storage jam.

OPTICAL ILLUSION—Television gets into a lot of places these days, so it was inevitable that a set would show up on this Chicago site. However, things are not always what they seem—the set is not installed in the "tool shed" where the antenna is, but in the trailer home nearby.

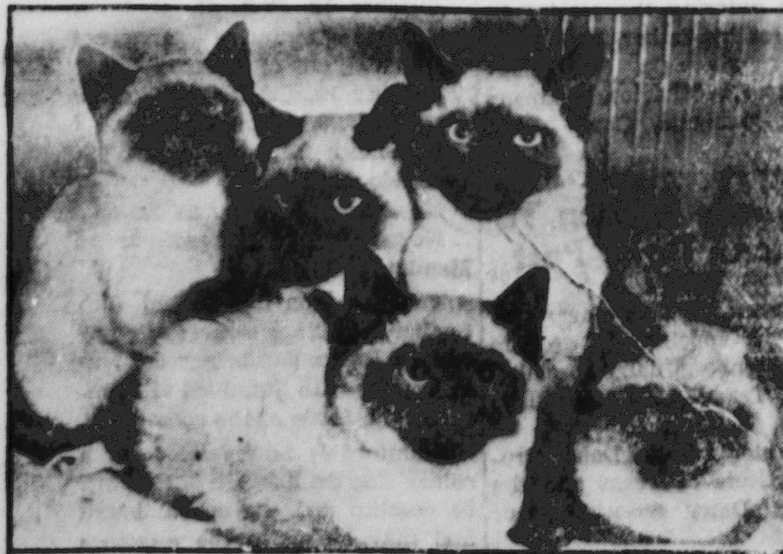

ICY ICE PALACE—Two couples skate gaily through the Swiss Ice Palace, the world's most unusual skating ground. Located 70 feet below the surface of a glacier near Jungfraujoch, the unique palace and its fixtures have been carved out of glittering ice.

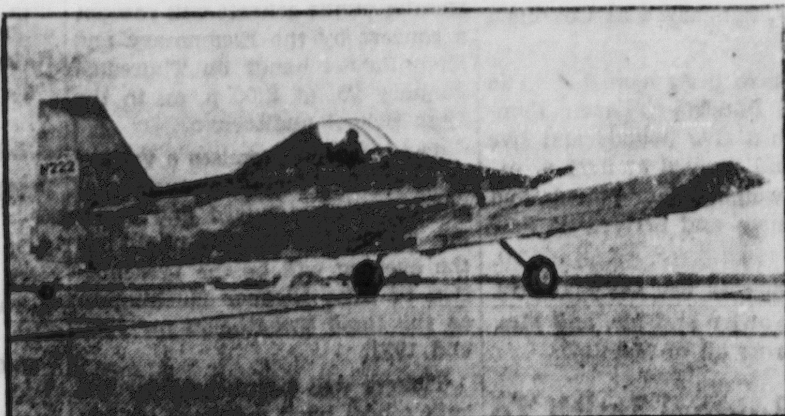

STORK, NOT SANTA, STUFFED THESE SOCKS—Old Saint Nick will have 12 less socks to fill thanks to the stork who swooped down on this washline in Middleborough, England, to present Lady Ruth with a dozen English Springer Spaniel puppies. Lady Ruth makes no bones about the fact that she's just too doggone tired to try to have the socks emptied and hung by the chimney before Santa's sleigh soars across the skies.

PEPPER AND SOAP—By way of making "Pepper" a beautiful and fragrant thing for judges at Chicago's International Livestock Exposition to behold, 16-year-old Beverly Watts shampoos the Hereford calf's sleek coat. A 4-H member, Beverly raised the 900-pound animal in Logan, Ia., for Open Class competition.

SIAMESE QUINTUPLETS—Most of these black-faced Siamese kittens seem to be trying to outdo the others in hamming it up for the camera with theatrical pantomime. See if you can't find such human expressions as, top left to right: "Oh, Tom, I didn't know you cared!" "They'll never get me!" "Who took what milk?" And in bottom foreground: "I'll hypnotize that mouse, that's what I'll do!" As for the uninterested feline at the right, he's just a sleepy (sigh) Siamese.

DUSTER CAN GO SLOW AND LOW—Designed, constructed and tested at the Personal Aircraft Research Center of Texas A. & M. College, this one-seater agricultural plane can operate at the low speed of 60 mph and fly low over crops with heavy loads. The plane is highly maneuverable and features hollow wing panels that make it ideal for use as a duster, sprayer or seeder.

WHEEL CHAIR CRACK SHOT—Ed Carlson, one of 11 paraplegic vets invited to a pheasant hunt on a Chicago businessman's private farm and game preserve in Richmond, Ill., bagged four pheasants in less time than it takes to point out that Carlson is no relation to the famed "Kit" Carson of the Old West. Host to the wheel chair vets was Val Christman, who supplied the war heroes with guns and dogs, then turned them loose on his farm.

Test Your Intelligence

Score 10 points for each correct answer in the first six problems.

- Which of the following is not a material used in women's clothing?
—pongee —vellum —organza —voile
- How old are the Dionne quintuplets?
—15 —16 —17 —18
- Three of the following basketball players stand almost seven feet tall. Which one does not?
—Don Otten —Bob Kurland —George Mikan
—Tony Lavelli
- A pomelo is another name for the:
—grapefruit —pineapple —lime —pomegranate
- The capital of North Korea is:
—Pusan —Pyongyang —Chosin —Seoul
- Smokers will know which of the following terms pertain to a match:
—coffin-nail —fag —smoke-stick —lucifer
- Four of our states have been nicknamed after trees. In the following matching problem, you are asked to place the letter preceding each state listed at left in the proper space at right, where the nicknames have been listed. Score yourself 10 points for each correct judgment.
(A) South Carolina —"Magnolia State"
(B) Maine —"Evergreen State"
(C) Mississippi —"Pine Tree State"
(D) Washington —"Palmetto State"

Total your points. A score of 0-20 is poor; 30-60, average; 70-80, superior; 90-100, very superior.

Built in Texas . . . and helping build Texas

Ford is the only Automobile Manufacturer Building Cars and Trucks in Texas

ALL THE FORDS made are not built in Detroit. There are plenty of them built right here in Texas—last year over 128 million dollars worth of cars, trucks, parts and products were made at Ford's Dallas Assembly Plant. What's more, 1,722 Texans put them together or followed through with their consignment to dealers in the Dallas, Houston, Oklahoma City and New Orleans Sales Districts.

The folks who work in Ford's Dallas Assembly Plant and District Sales Offices earn over \$7,000,000 every year. They spend it mostly in Texas. Texas benefits from Ford in other ways, too. For example: during 1950 Ford bought over \$1,000,000's worth

of material and supplies from Texas merchants and manufacturers and paid over \$7,500,000 for incoming and outgoing transportation. Then, too, there is a total of over \$148,000 paid by Ford in local and State taxes.

Yes, Texas is building a lot of cars and trucks for Ford . . . and in the process Ford is helping to build Texas, too!

H-BOMB PROPHECY—Dr. Vernon L. Shontz, pastor of the Central Baptist Church of Springfield, Ill., posted this grim prophecy on his church bulletin board. The notice is a play on the words: "all men are created equal," found in Lincoln's Gettysburg Address.

New Rodent Poison Described by Agent

Having rat and mouse troubles?

Rodent Control Service has a new rat poison called Warfarin or Compound 42 which is one of the safest and best poisons developed to date according to Jones County agent Bill Lehmborg.

Warfarin belongs to a class of anti-coagulant compounds, of which Dicumarol is the most widely known. Warfarin reduces or prevents clotting of the blood when consumed in small quantities over a period of several days. In most cases, the chemical produces painless death to animals by causing internal bleeding.

Warfarin will not give effective control when applied in a single dose. It must be injected several times (usually five or more) on successive days. There feeding need not be on consecutive days, but should occur within a 10 day interval with no period longer than 48 hours before feeding. It is important that an ample quantity of the bait be available at all times during the baiting program. Since baits may not be accepted when first exposed from five to 14 days or more may lapse before adequate control is attained.

Material of this type is available at the county agent's office.

Brigham Enters Steer In Houston Stock Show

James Brigham of Tuxedo, a Hamlin chapter FFA boy, has entered a steer in the Houston Fat Stock Show, according to a report made The Herald late Wednesday.

The report stated that several additional entries have been received from Jones County.

The show will be held January 31 through February 11 in the Sam Houston Coliseum at Houston and a representative group of this area is expected to attend.

Office Supplies at The Herald.

McCaulley News

By VIVIAN SHORT

Still no rain, but let's keep hoping, remember 1947—no rain until May 15th and we made a good crop!

W. B. Mayo has been a patient in Hendrick Hospital, Abilene for several days—but is reported better.

Mrs. W. M. Keller, Mr. and Mrs. L. E. Rector and Patricia were called to Roswell, New Mexico last Sunday by the death of Mrs. Keller's niece, Mrs. Frank Garrod.

A. H. Hemphill is a patient in a Rotan hospital at this writing. Earnest Grubin and family of Kermit were week-end visitors in the home of the Frank Houghtons and other relatives in the Royston community.

A big barbecue was given in Aspermont to celebrate the oil well on the Lon Anderson land. Those attending the celebration were: L. H. Boyd and son.

Mrs. Al Johnson returned to her home in Dublin after a week's visit with her daughter, Mrs. Melvin Henderson.

Mrs. Leo Masser and sons and Mrs. Bud Gibson spent Sunday in Abilene visiting relatives.

Rev. and Mrs. L. R. Stuckey and others from here attended the Convention at the Abilene First Baptist Church last Friday.

Mrs. W. C. Kean returned Thursday after a few days visit with her daughter, Mrs. Lawrence Brewer of Abilene.

Mrs. C. D. Jones visited her daughter, Beth, in Abilene last Saturday.

S. E. Miers visited with his daughter, Mrs. George Darden, of Abilene over the week-end.

Mrs. J. T. Mahaffey Jr. was a patient in a Rotan hospital last week.

Mrs. James Fancher and children of Hamlin were week-end guests with her husband's parents, the Jim Fanchers. Mrs. Fancher's husband is in the thick of the overseas fighting.

Winston Moore and family of Abilene spent Sunday in the home of his aunt and uncle, the Ben Shorts.

A Thought To Remember—"Where there is no vision, the people perish."—Proverbs 29:18. So long—I'll be newsing you!

HAMLIN

NEW 1951 **Chevrolet**

AMERICA'S **LARGEST AND FINEST LOW-PRICED CAR!**

It has that longer, lower, wider big-car look!

NEW!

AMERICAN BEAUTY DESIGN—Brilliant new styling... featuring new grille, fender moldings and rear-end design... giving Chevrolet that longer, lower, wider big-car look.

NEW!

AMERICA-PREFERRED BODIES BY FISHER—With strikingly beautiful lines, contours and colors... plus extra sturdy Fisher Unisteel construction, and Curved Windshield with Panoramic Visibility.

NEW!

MODERN-MODE INTERIORS—With upholstery and appointments of outstanding quality... and with extra generous seating room for driver and all passengers on big, deep, "Five-Foot Seats."

NEW!

SAFETY-SIGHT INSTRUMENT PANEL—Safer, more efficient with overhanging upper crown to eliminate reflections in windshield... and with plain, easy-to-read instruments in two large clusters.

NEW!

MORE POWERFUL JUMBO-DRUM BRAKES (with *Dual-Life rivetless brake linings*)—Largest brakes in the entire low-price field... giving maximum stopping-power with up to 25% less driver effort—and longer brake life.

NEW!

IMPROVED CENTER-POINT STEERING (and Center-Point Design)—Making steering extra easy, just as Chevrolet's famous Knee-Action Ride is comfortable beyond comparison in its price range.

Here's America's largest and finest low-priced car—the newest of all new automobiles—as trustworthy as it is thrifty to buy, operate and maintain.

New with that longer, lower, wider big-car look! New in its strikingly smarter Fisher Body styling and beautifully tailored Modern-Mode interiors! New in safety, new in steering ease, new in feature after feature!

Moreover, it's thoroughly proved in all things, from the finer no-shift driving of its Powerglide Automatic Transmission,* or the finer standard driving of its Synchro-Mesh Transmission to the fleet, frugal performance of its Valve-in-Head engine.

Come in—see and drive America's largest and finest low-priced car—Chevrolet for '51—the only car that brings you so many big-car advantages at such low cost!

PLUS TIME-PROVED POWER *Glide* AUTOMATIC TRANSMISSION

—proved by more than a billion miles of performance in the hands of hundreds of thousands of owners. *Combination of Powerglide Automatic Transmission and 105-hp. Engine optional on De Luxe models at extra cost.

Future Homemakers Hear State Advisor

Josephine Pazdral, state advisor of the Texas Association of the Future Homemakers of America and assistant director of the Homemaking Education met with area teachers of this area Monday at Haskell from 4:00 to 6:00 p. m.

Discussion centered around the FFA work, and particularly degree work.

Mrs. Camille Simmons, local teacher attended with approximately 25 others.

Camp Fire Girls Meet With Mrs. Cecil Brown

Members of Hamlin's Camp Fire Girls met last Wednesday afternoon at the hut with Mrs. Cecil Brown, leader.

The sixteen girls did glass etching and Mrs. Jack Hames served refreshments to them.

STAPLERS at The Herald office.

Cheese Tray Always Tempting

While cheese tray service is popular snack fare at any time, it is particularly appropriate during this season of the year. So many popular cheese varieties are available, all pre-cut and pre-packaged, that an attractive tray can be prepared in just time. Holiday entertainment will be so easy you'll want all your friends to visit you.

This tray features natural cheddar cheese, one of the most popular of all cheese varieties, cut in interesting cubes, slices and wedges, and attractively arranged around a centerpiece of hors d'oeuvres. Some guests like their cheddar mild, others sharp. To satisfy all your guests include some mild, some sharp.

If you don't already have one, attractive trays in inexpensive wood and china are available in the gift and houseware sections of the stores.

Dr. Doyle Blackford Engagement To Dorothy Freeman Announced With Nuptials In May

Engagement and approaching marriage of Dorothy Jeanette Freeman, daughter of Mr. and Mrs. Carnell Freeman, 1438 Merchant Street, Abilene, to Dr. Doyle Blackford of Hamlin, son of Mr. and Mrs. J. S. Blackford, 1226 Anson Avenue, Abilene was received late this week.

Ceremony is set for May 25 at the Grace Methodist Church of Abilene. Rev. George E. Tyson of McMurry College, Abilene will read the rites.

Bride-elect is a graduate of Abilene High School and is now a senior at Hardin Simmons University, Abilene where she is a member of Beta Mu Kappa, Cowgirl Band, Chapel Choir and the University Orchestra.

Groom-elect was graduated from Stanton High School, took his pre-medical work at Hardin Simmons University and received his degree from the Southern College of Optometry, Memphis, Tennessee. He is a member of the Texas Optometric Association.

The couple plans to reside in Hamlin where Dr. Blackford is an optometrist.

Value Your Health More Than Riches

Some folks think that fine clothes and fine, big houses are the most important things in life, but these things really don't mean too much if a person doesn't feel well enough to enjoy them. Most folks don't realize this, but

Mrs. Lucy Braswell, of Route 2, Stone Mountain, Ga., realizes it very well. Mrs. Braswell takes HADACOL, and by taking HADACOL she found she is helping her system overcome deficiencies of Vitamins B, B₁₂, Niacin and Iron, which HADACOL contains.

Here is Mrs. Braswell's own statement: "I have been sick for some time with stomach disturbances. I began taking HADACOL and I have been taking it about six weeks. I am so much better and much stronger. I will continue to take HADACOL. It sure has helped me. I tell my friends about HADACOL. I can't praise HADACOL too much. I am 59 years old."

Lone Star delivers
comfort, cleanliness and convenience
in 17,871 new stores

If you go shopping today, the comfort of the store you trade at will likely be provided by Lone Star Natural Gas Service. The store will be cleaner and the merchandise will be fresher because natural gas is so clean.

It is impossible to imagine a modern and successful store without natural gas service. In the last five years 17,871 new stores have been opened in cities we serve. That's one of the reasons for our building program in which we have invested over 80 million dollars. Though virtually all materials and labor for building natural gas pipe lines, compressor stations and other facilities have gone up in price, our commercial rate has not been increased. The truth is, Lone Star commercial rate for stores is lower today than 10 years ago.

Lone Star is keeping abreast of the growth of every community it serves. At the same time we are keeping the price of natural gas service down.

HERE'S THE NEW '51 DODGE

New Inside...New Outside
with a Completely New Kind of Ride

NEW in more ways than cars costing up to \$1,000 more

AT A SECRET PREVIEW THESE FAMOUS AMERICANS SAID:

TED WILLIAMS—"When I first saw this new 1951 car, its smart good looks and its new engineering advances made me put it in the expensive car class," says Ted Williams, baseball's great left-handed slugger.

BETTY HUTTON—"It's so big, so roomy, with greater visibility for every passenger," says Betty Hutton, famous for her own exuberant way of putting over a song. "And so luxuriously appointed, inside and out!"

DALE CARNEGIE—"I think I know what influences people, and this new car will do it," says famous author of "How to Win Friends and Influence People" and "How to Stop Worrying and Start Living."

* Soon to be seen in Cecil B. DeMille's "THE GREATEST SHOW ON EARTH," a Paramount Release, Color by Technicolor

Now YOU can see it! The new 1951 car that thrilled hundreds in secret previews coast-to-coast! Yes, famous Americans and people in all walks of life—engineers, stylists, architects, mechanics—were excited by its stunning new beauty and host of engineering improvements... we were amazed that any car offering so much sells for so little!

New Riding Principle! New Oriflow shock absorber system brings you a truly new kind of ride... lets you "float" down roads that stop other cars. Here's a new kind of smoothness—over the same roads that jarred and "hammered" you in the past! Whether it's cobblestones or country ruts—wheels stay on the ground.

New Watchtower Visibility! Here's visibility for all passengers through the new wider windshield and deeper, wider panoramic rear window—for greater safety, comfort. Here's new spaciousness inside to let you ride relaxed, uncrowded. Yet outside, its new beauty is sleek and trim for easier handling and parking.

See the New 1951 Dodge January 20th! Step in at your Dodge dealer's. Learn how you could pay up to \$1,000 more and still not get all the new beauty, extra room, famous dependability of this great new Dodge!

Safer Cough Relief

When new drugs or old fail to stop your cough or chest cold don't delay. Creomulsion contains only safe, helpful, proven ingredients and no narcotics to disturb nature's process. It goes right to the seat of the trouble to aid nature soothe and heal raw, tender, inflamed bronchial membranes. Guaranteed to please you or drugist refunds money. Creomulsion has stood the test of many millions of users.

CREOMULSION
Relieves Coughs, Chest Colds, Acute Bronchitis

Blue jeans and plaid cotton shirts remain the year-in, year-out favorite of school girls for leisure-time wear, the National Cotton Council reports. Collegiennes and high schoolers like the casual, comfortable outfits for both playtime and study hours. This bold plaid cotton shirt with a new convertible collar was designed by Ship 'n Shore for wear with either jeans or skirts.

Bright Plaids Invade Bedrooms

BY EDNA MILES

PLAID, which may be found everywhere these days from a child's hair-bow to a man's dinner jacket, has invaded the boudoir with a bang.

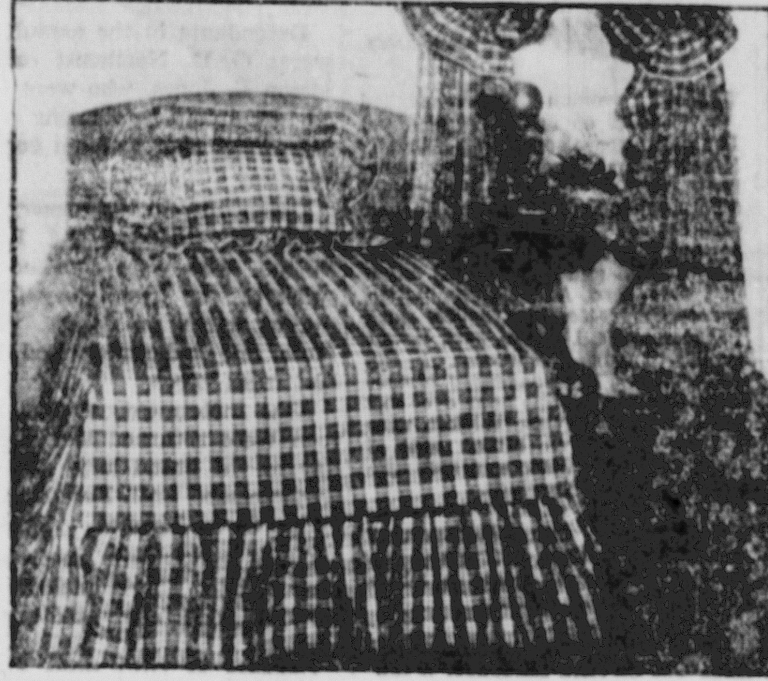

Bright, bold colors and forceful patterns give a new look to rooms that once bespoke a rather timid femininity in pale pinks and blues.

If your daughter's a teen-ager, chances are she's mad about plaid, and would happily repeat the tartan of her favorite skirt all over her room.

This being the case, let gaiety prevail and go all-out with matching coverlet, petticoat and pillow sham for her bed. And repeat the pattern in ruffled draperies. The effect is as lively as a football rally.

Perhaps you, too, feel your bedroom could use a bit of vibrant pattern. Your husband in particular should be pleased with a change. Few men find lacy ruffles to their taste.

An eye-catching effect is achieved when you adorn your bed with a plaid petticoat, a harmonizing coverlet in a solid color, and a plaid bolster. Leave your draperies plain to tone in with this more subtle combination.

This dancing plaid bedroom ensemble, made of sewn, tailored and ruffled cotton taffeta, should bring gaiety to any room. The staccato plaid set includes petticoat, coverlet, pillow sham, curtains and valance.

Blue Birds Meet In Regular Session Tues.

Hamlin Blue Birds met in regular session Tuesday afternoon at 4:00 p. m. at the Camp Fire Hut on Avenue E.

Ladies Auxiliary of the local Veterans of Foreign Wars Post 6014 voted to sponsor the Hamlin Blue Birds Mrs. L. B. Gage and Mrs. Thomas Ferguson, Blue Bird leaders state.

A short business session was held and the girls expressed their appreciation of the sponsor.

Members present were: Amy Eyssen, Brenda Hargrove, Linda Karen Dutton, Lillie Sue Austin, Sandra Carter, Judy Neil Rector, Martha Jane Gage, Rebecca Ann Ferguson and two new members, Aida Faye Hale and Cynthia Jo Patterson.

GOOD HEALTH

1. WHAT AGE GROUP DOES TB HIT HARDEST?

Answer to Question No. 1:

1. Contrary to popular belief, young women in their 20's are not the principal victims of tuberculosis. That was true in 1900, but is no longer. Today tuberculosis is most serious in older men from the age of 40 on. In 1944 the greatest number of tuberculosis deaths occurred among white males between the ages of 50 and 54.

Answer to Question No. 2:

2. The first voluntary insurance plan in the United States, by which dental care is given on a premium basis to 25,000 per-

sons, has been started in New York City. Operating on very much the same principle as surgical, medical and hospital insurance plans now in operation, the plan will be tested for an experimental period of two years.

Answer to Question No. 3:

3. Two out of three babies in America are on breast feeding at the time they leave the hospitals where they were born. The milk of a healthy mother is the best possible food for the infant. (Copyright 1950 by Health Information Foundation)

Foursquare Mission Council Elects Officers

Foursquare Missionary Council of the local church met at the church last Wednesday.

New officers elected for the ensuing year were: Mrs. S. C. Hollis, president; Mrs. Mack Sellers, vice-president; Mrs. Jack Riley, secretary and Mrs. Sam Jones, reporter.

November Farm Cash
Shows Small Increase

Farm cash income in Texas totaled \$320,162,000 in November, three per cent more than October and seven per cent less than November 1949, according to a report to The Herald by the University of Texas Bureau of Business Research.

Cotton was the greatest income source in November, bringing to Texas farmers \$162,039,000. Cottonseed income totaled \$38,579,000; cattle, \$27,034,000; and poultry, \$15,964,000.

Farmers in the Southern High Plains turned in the largest dollar income in November—\$103,412,000. Red Bed Plains with \$61,345,000 and Black and Grand Prairies with \$37,664,000 ranked second and third.

Lower Rio Grande Valley, recorded the largest increase in farm cash income in November from October, 126 per cent. Other gains were South Texas Plains, 107 per cent; Southern High Plains, 97 per cent; Northern High Plains, 17 per cent; Western Cross Timbers, 12 per cent; and Red Bed Plains, two per cent.

Monthly declines were recorded in the Black and Grand Prairies, 44 per cent; Coastal Prairies, 37 per cent; Edwards Plateau, 28 per cent; East Texas Timbered Plains, 21 per cent; Southern Texas Prairies, 12 per cent; and Trans Pecos, 10 per cent.

Here's the Answer

Lumber Body Lists
Reasons To Build

Anyone in Hamlin desiring to build or modernize a home or other building is advised to start work at an early date, according to Paul Bryan, local lumber materials dealer and a member of the Public Affairs Committee of the National Retail Lumber Dealers Association, states.

He states that there are three reasons for getting an early start. First is that there is no reason to believe that materials prices or building costs will decline to any important extent in the months ahead. In fact, some increases are likely.

Second, some essential building materials, notably those containing strategic metals, are certain to be less plentiful. These include steel, copper and aluminum.

Third, there is always the possibility that defense officials will decide to restrict construction of houses still further as a means of conserving materials for defense production.

Dalton Gives Report
On Paralysis Drive

C. J. Dalton of Roby, head of the Fisher County Infirmary Paralysis Fund praised the community spirit of Capitola and Claytonville communities in a report to The Herald this week.

He stated that a pie supper was held at the Claytonville Baptist Church Friday for both communities and the event raised a total of \$670.70.

Sponsors were: George Webb, Mrs. Clay Bunn, Mrs. Homer Lecker, Mrs. J. L. Toland, Miss Lucia Webb and Mrs. E. R. O'Donnell.

He stated that, "This proves to us that the smaller communities are still active and we are very proud of their efforts. We just hope to see more communities take part of this worthy cause in the very near future."

Concluding he said, "That had a quota been set for these communities it would not have exceeded more than \$100."

Mr. and Mrs. Clyde H. Reynolds and daughters, Arlene and Dala Jean, of Greer, New Mexico visited friends and relatives in Hamlin last week-end.

Gleaners Class Holds Annual Book Review

Gleaners Class of the local First Baptist Church held their annual book review and tea Tuesday night in the church basement.

Mrs. Marvin Carlton, class president and Mrs. Weldon Johnson, teacher greeted the guests.

Mrs. Ed Lewis presided at the register. Mmes. John Harold Steele, Billy Joe Wilson, A. T. Trotter, Bill Shira, D. J. Turner, Bill Ford and Riley Griffin assisted in serving the guests from a white bedecked table, which held the silver coffee and tea service.

Mmes. Weldon Townsend, L. O.

Butler, a son, Friday, January 12, in Hamlin Memorial Hospital. He weighed eight pounds and 14 ounces and has been named Thomas Eddie.

Born to Mr. and Mrs. Leon Mabry, a son, Saturday, January 13, at Hamlin Memorial Hospital. He weighed seven pounds and has been named Gary Leon.

Born to Mr. and Mrs. P. B. Sanders, a daughter, Monday, January 15, Hamlin Memorial Hospital. She has been named Ruby Pearl.

Born to Mr. and Mrs. June Jones, a son, Wednesday, January 17, at Hamlin Memorial Hospital. He weighed seven pounds and eight ounces and has been named Willard Curry.

well Cure and Buck Joiner seated the guests.

A short program was presented before the review in which Mrs. Carlton gave the class history and a biography of the author, Mrs. Clyde Lewis rendered a solo accompanied by Mrs. Bob Nunley at the piano.

Mrs. Tate May brought the review of the book, "The Deeping Years." The story deals with trials of a wife and mother that were forced to take up the entire responsibility of the family when her husband lost his eyesight.

Those attending were: Mmes. W. C. Hargrove, J. E. McCoy, Etta Stephenson, Virgil Steele, Bill Maddox, M. T. York, Faye Atkinson, W. H. Pfiffer, John Hill, W. A. Albritton, O. D. Roland.

Alton Mayfield, W. R. Townsend, E. W. Wilson, Joe Stephens, R. McClung, Willie Dee Upshaw, W. R. Wilkerson, Robert Johnson, Wesley Nail, Ray Johnson.

Elbert Pomby, LaFoy Patterson, Leroy Stubbs, Vernon Townsend, Buren Carlton, Lesley Shelburne, Robert Gardner, M. E. Carlton, H. E. Sharer, Paul Gen.

try, Carl Greenway, D. D. Shelburne;

I. R. Huchingson, A. G. Irwin, V. T. Stringer, A. Spencer, Edgar Duncan, B. V. Newberry, H. S. Stovall, A. R. Posey and Gus Dixon and Misses Merle Burgney, Marjorie Steed, Lennie Greenway and Buna Rountree.

An opportunists is one who gets a haircut and shampoo when he has a bad cold, because it always gives him a bad cold anyway.

There is a very narrow margin between keeping your chin up and sticking your neck out.

When a pretty girl tries to treat a bashful fellow white, he turns red.

New Silver Anniversary Pontiac

New and Beautiful Proof

that Dollar for Dollar you can't beat a Pontiac?

The Car Proves it by its
Beauty and Performance!

The Price Proves it by its
Downright Value!

Be prepared to see two striking things when you come in to examine the wonderful new Silver Anniversary Pontiac. First, you will see why Pontiac is acknowledged to be the most beautiful thing on wheels. You will see a brilliantly good-looking car, with its fresh, Gull-Wing styling, colorful new interiors and clean, exciting lines. Second, you will see a price tag on these magnificent new Pontiacs which is so low that you will find it hard to understand why anybody ever buys any new car but a Pontiac! Here, indeed, is double-barreled proof that dollar for dollar you can't beat a Pontiac! Come in and see for yourself.

Do you have
an Owner's hand?

Any fortune teller will tell you that palm reading is tricky stuff. Because no two hands are exactly alike. The hands shown above, for example, reveal different temperaments, and tempers and abilities. Most American hands, however, have this similarity: they belong to owners of business-managed electric companies like the West Texas Utilities Company.

Several million Americans, in every walk of life, own the securities of these companies.

And some 72,000,000 are indirect owners, through their life insurance and savings accounts. For when Banks and insurance companies accept your money, they must invest it wisely, and much of it goes into electric light and power companies.
